Please Log In

Log In

Pressing Log-In Button:

- redirects to admin screen if username is 'admin'
- redirects to user home screen otherwise.

Admin Page / Add User

This screenshot shows the initial state of the Admin Page. The header includes a blue 'Welcome, Admin!' message and a 'Log Out' button. Below the header is a table with a 'Users' header row and two data rows containing 'ALWhitman' and 'JMuccino'. There are seven empty rows below the data. At the bottom, there are two buttons: a green 'Add New' button and a red 'Delete' button. The 'Add New' button is currently disabled.

Users
ALWhitman
JMuccino

Delete button stays on same screen and updates list.

Add New Button stays on same screen, but makes fields visible:

This screenshot shows the Admin Page after the 'Add New' button has been clicked. The layout is identical to the first screenshot, but the 'Add New' button is now active (green), and a new form is visible at the bottom. The form consists of a text input field labeled 'Album Name' and a 'Save' button. The table and other buttons remain the same.

Users
ALWhitman
JMuccino

User Home & Add/Rename Album

Welcome, ALWhitman! [Log Out](#)

Albums	# Photos	Date Range
SummerTime	7	06/01/2017 - 08/31/2017
